NETWORK

Filing Date: June 27, 2001

Application No.: 09/894,843; and

WHEREAS, Metricom, Inc., a corporation of the state of Delaware, located at, 333 West Julian Street, San Jose, CA, 95110, hereinafter referred to as "ASSIGNEE," is desirous of acquiring an interest in the invention and application and in any U.S. Letters Patent and Registrations which may be granted on the same;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignors, Assignors have assigned, and by these presents do assign to Assignee all right, title and interest in and to the invention and application and to all foreign counterparts (including patent, utility model and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignors had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

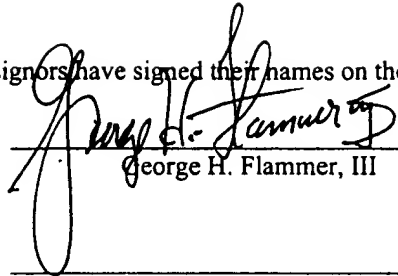

Assignors further agree that they will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of U.S. Patent applications and foreign counterparts on the invention and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

Assignors hereby authorize and request Townsend and Townsend and Crew LLP, Two Embarcadero Center, 8th Floor, San Francisco, CA 94111-3834, to insert herein above the application number and filing date of said application when known.

INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment") is made as of November 7, 2001 (the "Effective Date") by and between Metricom, Inc., a Delaware corporation, Metricom Finance, Inc., Metricom Investments DC, Inc., Metricom DC, L.L.C. and Metricom New York, L.L.C. (collectively, "Assignors") having a principal place of business at 333 West Julian Street, San Jose, California 95110 and Ricochet Networks, Inc., a Delaware corporation, having its principal place of business at 1400 Glenarm Place, Denver, Colorado 80202 (the "Assignee").

WHEREAS, upon the terms and subject to the conditions set forth in that certain Asset Purchase Agreement dated as of October 18, 2001 by and among Assignee and Assignors (the "Asset Purchase Agreement"), Assignors have agreed to transfer and deliver to Assignee, and Assignee has agreed to acquire and accept from Assignors, the Assets (as defined in the Asset Purchase Agreement), including the Intellectual Property (as defined below), in exchange for certain commitments and obligations, including, without limitation, the execution of certain transfer documents, including this Assignment;

WHEREAS, pursuant to an "Order Authorizing Sale of Debtors' Assets Free and Clear of Liens, Claims, Rights and Interests" (the "Order") approved by the United States Bankruptcy Court, Northern District of California, San Jose Division (the "Court"), dated November 2, 2001, the Court ordered that the Assignors are authorized to enter into and execute the Agreement and pursuant thereto, to sell and transfer certain assets to the Assignee, such transfer to vest Assignee with all right, title and interest of the Assignors in and to the Assets free and clear of all liens (as defined in Bankruptcy Code Section 101(37)) and any and all claims (as defined in Section 101(5) of the Bankruptcy Code) and any interest of any entity in such Assets, including, without limitation, those parties with purported liens in the Assets listed on Exhibit A to such Order;

NOW, THEREFORE, pursuant to the Asset Purchase Agreement, as approved by the Order of the Court, the parties hereby agree as follows:

1. Assignment and Definitions.

a. **Assignment.** Assignors hereby assign, transfer and convey to Assignee, and Assignee accepts, all of Assignors' right, title, and interest throughout the world in and to the Intellectual Property (as defined below), except for the Excluded Assets (as defined below). The intangible property and Intellectual Property subject to this Intellectual Property Assignment are conveyed "AS IS--WHERE IS--WITH ALL FAULTS" and "WITHOUT REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING ANY REPRESENTATIONS OR WARRANTIES RELATED TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE."

b. **Intellectual Property Definition.** Intellectual Property shall mean (i) all Assignors' inventions (whether or not patentable and whether or not reduced to practice), all improvements thereto, and all patents, patent applications, and patent disclosures, together with all reissuances, divisions, continuations, continuations-in-part, revisions, renewals, extensions, and reexaminations thereof, (ii) all Assignors' registered and unregistered trademarks, service marks, trade dress, logos, trade names, and corporate names, together with all translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith, and all applications, registrations and renewals in connection therewith, (iii) all Assignors' works of authorship, including, without limitation, all copyrightable works, all copyrights, and all applications, registrations and renewals in connection therewith, and all moral rights, (iv) all Assignors' databases, data compilations and data collections, (v) all Assignors' trade secrets and confidential information (including, without limitation, ideas, research and development, know-how, processes, methods, techniques, technical data, designs, drawings, specifications, customer and supplier lists, pricing and cost information, and business, technical and marketing plans and proposals), (vi) all Assignors' domain names, web addresses and websites, (vii) all Assignors' computer software, source code and object code, whether embodied in software, firmware or otherwise (including related data and documentation), (viii) all Assignors' other intellectual property and proprietary rights, (ix) all copies and tangible embodiments of all of the foregoing (i) through (viii) in any form or medium, and (x) all of the intangible property and intellectual property rights listed in Schedule A attached hereto.

c. **Excluded Assets Definition.** "Excluded Assets" shall mean (a) all cash and cash equivalents of Assignors; (b) all deposits placed by or on behalf of Assignors with any Person; (c) all credits and refunds in favor of Assignors or owing by any Person to Assignors, including any NOLs or Tax refunds; (d) all accounts receivable of Assignors; (e) all claims and causes of action of Assignors, including, but not limited to, all preference or avoidance claims under Chapter 5 of the Bankruptcy Code and in respect of pending or future litigation with MCI WorldCom and all counterclaims, defenses, offsets, and rights of recoupment that Assignors may have or may assert against any person with a claim scheduled by or filed against Assignors (but excluding (1) any rights to enforce non-competition agreements or other rights referenced in Section 2(f) of the Asset Purchase Agreement relating to employees arising on or prior to the Effective Date and (2) rights provided to Assignee in Section 2.3.2 of the Asset Purchase Agreement); (f) all rights of Assignors under the Asset Purchase Agreement or any related agreement between Assignee and Assignors contemplated thereby; (g) all insurance policies and proceeds in respect of Excluded Assets and all claims under any insurance policy arising from events which occur prior to the Effective Date (subject to the provisions of Section 6.7(d) of the Asset Purchase Agreement); (h) all WCS FCC spectrum licenses; (i) any financial documents (including but not limited to financial statements, bank statements, budgets, emails, electronic records, correspondence, notes, purchase orders, contracts and agreements (except any contracts or agreements assumed and assigned to Assignee pursuant to the terms of the Asset Purchase Agreement), change orders, invoices, billing records, accounts payable records, checks and business information related to any claims scheduled or filed against the Assignors), legal documents (including any documents or contracts protected by attorney client privilege or work product immunity), any personnel files, or any other documents specifically designated by the Assignors prior to closing, provided, however, that Assignors shall provide Assignee reasonable access to such documents and that Assignee shall have the right to obtain and the right to copy all such documents that Assignors intend to discard; (j) all rights in and under and all proceeds of

any directors and officers liability insurance policy; (k) all Assignors' interest in and under the Asset Purchase Agreement including Assignors' interest in the Earnest Money Deposit; (l) subject to the right of Assignee to the non-legal and non-financial information, data and data bases contained in any equipment, whether or not such equipment constitutes Excluded Assets, (m) all office equipment, fixtures, and office furniture located in San Jose, California (including such goods located at 333 West Julian Street and such goods located at the Pivot Office Systems warehouse); (n) all laptop computers; and (o) all motor vehicles, cars, and trucks.

2. Protection. Assignors further hereby assign to and empower Assignee, its successors, assigns or nominees, all rights to make applications for patents, copyright, trademark or design registrations or other forms of protection for the Intellectual Property and to prosecute such applications as well as to claim and receive the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention that may henceforth be substituted for it, and the right to invoke and claim such right of priority without further written or oral authorization.

3. Authorization to Record. Assignors further agree that this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document that may be required in any country for any purpose regarding the subject matter hereof, as well as constituting proof of the right of Assignee or its successors, assigns or nominees to apply for patent, copyright, trademark or design or other protection for the Intellectual Property and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention that may henceforth be substituted for it.

4. Further Assurances. In the event that Assignee requires the signature of any Assignor(s) for any document(s) that is necessary for Assignee's full enjoyment and use of the Intellectual Property assigned hereunder, Assignors hereby irrevocably designate and appoint Assignee and its duly authorized officers and agents, as its agents and attorneys-in-fact to act for and on its behalf and instead of it, to execute and file any such document and to do all other lawfully permitted acts to further the purposes of the foregoing with the same legal force and effect as if executed by Assignors.

5. Moral Rights. To the extent moral rights assigned under this Assignment cannot be assigned under applicable law and to the extent the following is allowed by the laws in the various countries where moral rights exist, Assignors hereby waive such moral rights. Assignors shall confirm any such waivers and consents from time to time as requested by the Assignee.

6. Miscellaneous. The waiver by either party of any breach of this Assignment or any right hereunder shall not constitute a waiver of any subsequent breach of this Assignment; nor shall any delay by either party to exercise any right under this Assignment operate as a waiver of any such right. If any provision of this Assignment shall be adjudged by any court of competent jurisdiction to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that this Assignment shall otherwise remain in full force and effect and enforceable. Headings and captions are for convenience only and are not to be used in the interpretation of this Assignment. This Assignment shall be deemed to have

been made in, and shall be construed pursuant to the laws of the State of California and the United States America without regard to conflicts of laws provisions thereof. This Assignment shall be binding on the parties' respective heirs, executors, successors and assigns.
